

DALLIPAK DA 240

An European product with excellent technique !

■ FEATURES

This bank note banding machine is one of our newest advanced models on the banding sector.

The DALLIPAK DA 240 is a cheap model of our table banding machines. With 30 or 40 mm banding material the machine is optimally prepared for the often used 40 mm banding in banks. Of course also small and middle-sized companies will profit from the interesting price of this starter model.

- Compact Design
- Good construction
- Electrically variable sealing temperature
- Electrically variable loop length
- Variable band stilts
- Execution via button, foot switch or photo lense eye

Application possibilities
